Launceston Big Picture School – Arrangements for Online Learning

Dear Families,

We understand that some students are currently not attending school due to pre-existing medical conditions which may make them (or someone in your family) more susceptible to getting sick.

We also recognise that some families are choosing to self-isolate. We are following all recommended protocols around social distancing and hygiene as such it is our position that if the school is open, and your child is well, it is still safe to send your child to school. As a parent, it is ultimately your decision if you wish to keep your child at home.

At Launceston Big Picture School all students have 1 to 1 access to a laptop or tablet to support their learning at school, this means we are well prepared to support your student to continue learning from home. All advisory teachers use OneNote classrooms to ensure all students are kept up to date with resources and to provide feedback on student learning. Students can use OneNote and other Office 365 tools (Word, Excel etc.) from home to ensure continuity of their learning. This letter outlines the key learning that students should focus on for the rest of this term.

Requirements for online learning: Computer (PC, laptop, tablet), charger and internet access

If your student does not have access to a computer and/or the internet, please contact the school so we can make arrangements to support you. School devices will be made available to grade 9/10 students if required. They can be collected from the school office Thursday 19th or Friday 20th March – families will be required to sign a Temporary Loan Agreement.

Week 8 23-28 March 2020

School Holidays 9 - 26 April 2020

First Day Term 2 Monday 27 April 2020

Your child's advisor will continue to support them to complete these tasks. It is important to ensure your child continues to actively participate in all learning activities as well as checking their school email and OneNote regularly for updates.

To stay informed during this time we recommend you download the Schoolzine App as well as regularly checking our school's website and Facebook page.
